

ALEJA LJUBLJANA-ŠIŠKA

Located in one of the most prominent areas of Ljubljana, in the Šiška district in the northwest of the Slovenian capital, SES has developed a shopping center that is set to introduce a new dimension to the Slovenian shopping center market.

Covering 32,000 m² of leasable space and featuring 80 stores, restaurants, and service providers, SES has developed a shopping center that is in a class of its own. ALEJA provides the ideal environment for an industry mix of the best regional, national, and international shop concepts. The timeless, modern, and highly functional retail architecture creates the perfect setting for new and innovative high-end brands in Slovenia.
