

CITYCENTER Celje

The region's trendsetter.

CITYCENTER, the largest shopping center in Celje and the surrounding area, has been the number one shopping destination across the entire catchment area since it opened in 2006. Its high-quality, modern architecture offers a pleasant shopping atmosphere and particularly attractive, sunny resting spots that invite visitors to linger. CITYCENTER guarantees the very best in shopping. With a wide selection of trendy brands and a diverse range of culinary delights in the food court, cuisines from all over the world come together here. The center has refreshed its offering with a number of new shops following an attractive refurbishment of almost 7,000 square metres in 2014.
