

LE BRENTELLE Sarmeola DI Rubano (Padua)

An attractive hypermarket and an international mix of retail sectors.

To the west of Padua, **LE BRENTELLE** combines a modern ambience with open-plan architecture and an elegant glass dome. The INTERSPAR supermarket, alongside international brands and local retailers, characterises the center's attractive mix of retail outlets.

With the addition of around 3,000 m² of leasable space in 2009, the center strengthened its position as a major shopping destination in the region. Since 2023, the center has been generating solar power via a photovoltaic system to meet the electricity requirements of its communal areas.
