

Shopping-Quartier Lienz/East Tyrol

In Lienz, a new town-center development offering a wide range of uses is currently being built adjacent to the pedestrian zone. Alongside a EUROSPAR supermarket on the ground floor, the building will feature multifunctional spaces across two to three upper floors, as well as an underground car park.

The harry's home hotel, which opened in 2024 with 85 rooms and 170 beds, has already been completed as the first phase of the development. The planning application for the next phase of development is scheduled for late 2026 or early 2027.
