

CENTER VIČ Ljubljana

Modern Shopping Destination for Families

Located in the middle of a residential and business area, CENTER VIČ in Ljubljana-Vič serves as a regional meeting point. CENTER VIČ has been well received by the people living in the surrounding area for years. After a complete renovation, the shopping center in Ljubljana-Vič features a modern design of the highest standard. CENTER VIČ now offers shopping, food and beverage, and recreation and includes 31 newly designed shops covering 12,500 square meters. An attractive interior, an adventure zone featuring a fountain, and a Mini Lollipop indoor playground are among the highlights. A total of six million euros was invested in redesigning the interior of the SES-managed family shopping destination. Located directly on the A1 highway, CENTER VIČ is easily accessible via private transport. Several bus lines and a network of cycle paths make the location ideal.
