

CENTER VIČ Ljubljana

Modern Shopping Destination for Families

Located at the heart of a commercial and residential area, CENTER VIČ in Ljubljana-Vič is a place to gather within the region. CENTER VIČ has become well established among the people living in the surrounding area over the years. Having been completely renovated in 2018, the shopping centre in Ljubljana-Vič now boasts the highest standards of modern design and offers shopping, dining and entertainment with 31 newly designed shops on 12,500 square metres of floorspace. Highlights include attractive interior design, an experience zone with a fountain and the Mini Lollipop indoor playground. Six million euros were invested in the interior redesign of this SES-managed family shopping destination. Located directly on the A1 motorway, CENTER VIČ is easily accessible by car, several bus lines and a network of cycle paths.
