The First Store in Slovenia Operated by Technology Giant Xiaomi is Due to Open at Europark

The opening of the first "Xiaomi Store" is scheduled to take place at Europark Maribor tomorrow. The store will be the first one operated by one of the leading technology companies to open in Slovenia, offering customers a wide selection of the latest smart devices. Incredible discounts and attractive offers await those who visit the store for tomorrow's opening, which happens to fall on the 21st anniversary of the opening of the largest shopping center in the northeastern part of Slovenia.

Something for All Lovers of Smart Technology

A technology lover's paradise is set to open at Europark Maribor tomorrow. The first "Xiaomi Store" in Slovenia is due to open its doors at the biggest shopping center in Maribor. It will be the first Xiaomi store in Slovenia to be opened by the technology giant, which operates more than 1,000 stores worldwide. Visitors will be able to find a wide range of smartphones and other smart devices, such as headphones for smartphones, car chargers, robotic vacuum cleaners, battery-powered toothbrushes, electric scooters, and much more. The opening is scheduled to take place at 10:00 AM tomorrow. Representatives of Xiaomi, serving Slovenia and Croatia, will be present at the opening, as will representatives of Colby, Xiaomi's retail partner in Slovenia.
